Ceph Storage CRUSH map 확인

CRUSH map dump / decompile

```
[root@ceph-box] # ceph osd getcrushmap -o {compiled-crushmap-filename}  
## this will gather the compiled CRUSH map  
[root@ceph-box] # crushtool -d {compiled-crushmap-filename} -o {decompiled-  
crushmap-filename} ## decompile the map to make readable
```

CRUSH map compile / injection

```
[root@ceph-box] # crushtool -c {decompiled-crush-map-filename} -o  
{compiled-crush-map-filename} ## this will recompile the CRUSH map  
[root@ceph-box] # ceph osd setcrushmap -i {compiled-crushmap-filename} ##  
this will inject the new compiled CRUSH map
```
